# 100-foot folding container for steel mills

What is a collapsible steel container?

Collapsible steel containers are storage solutions made of steel that can be collapsed. They protect products during storage and transit, increase storage density, and save floor space. Steel bulk containers are ideal for storing heavy-duty materials and can take a beating.

What is a steel bulk container?

Steel bulk containers are large, heavy-duty containers made of steel. They are ideal for storing heavy materials and can save you space by stacking. Collapsible steel containers are also cost-effective due to their ability to save money on return shipments.

What is a heavy-duty bulk container?

“Heavy-duty bulk containers come in plenty of sizes, shapes and configurations, including containers that can tilt, stack and are easily moved by forklift or on wheels. Some have drop gates and other points of access. Whatever you need, call us for help picking the right way to store it efficiently, safely and ergonomically.” Cisco-Eagle 2023.
