
130kW PV Inverter

What is a Deye Sun 125/125/130/135/136k-g series inverter?

The Deye SUN-120/125/130/135/136K-G series inverters are cutting-edge three-phase string inverters engineered for high performance in both commercial and industrial-scale solar power installations.

What is a Deye solar inverter?

Explore the Deye SUN-120/125/130/135/136K-G series three-phase string inverters, offering up to 98.8% efficiency, 8 MPPT trackers, anti-PID function, zero export application, and advanced protective features. Perfect for commercial and industrial solar power systems.

How much power does an inverter have?

Rated Output Active Power spans from 120 kW to 136 kW depending on the model. Max. AC Output Apparent Power up to 136 kVA. Total Current Harmonic Distortion (THDi) is kept under 3%. The inverter dimensions are 1006 mm (W) x 516 mm (H) x 325.5 mm (D) (excluding connectors and brackets), with a weight of 103 kg.

What is an IP65 inverter & how does it work?

With an ingress protection rating of IP65 and designed to operate in a wide temperature range from -25°C to +60°C (with derating above 45°C), these inverters are built to withstand harsh environmental conditions. The device also operates efficiently up to an altitude of 4000 meters, and with lower noise levels, maintaining a maximum of 65 dB.

Discover a diverse selection of PV string inverters at Hopewind, featuring utility inverters, C&I inverters and residential inverters. Access manuals, technical support, and detailed product ...

The Deye SUN-130K-G01P3-EU WiFi is a modern three-phase grid-tied inverter with a 130 kW capacity, designed specifically for industrial and commercial photovoltaic power plants. With ...

Feature highlights: The Deye 130kW on-grid string inverter, designed for commercial and industrial use, features 8 MPPTs and a wide MPPT operating range of 200-1000V. With a ...

The Deye SUN-130K-G01P3-EU WiFi is a modern three-phase grid-tied inverter with a 130 kW capacity, designed specifically for industrial and commercial photovoltaic power ...

What are the advantages of Three Phase String Inverter in large solar photovoltaic system? Three-phase string inverters offer several advantages in large solar photovoltaic (PV) ...

The Deye SUN-120/125/130/135/136K-G series inverters are cutting-edge three-phase string inverters engineered for high performance in both commercial and industrial ...

Off Grid Solar Power System 130KVA supplier, solar panel (QTY: 260 pieces) pure sine wave Inverter 130KW/360VDC input (QTY: 1 piece), PV combiner (QTY: 2 pieces), solar ...
