## 180w solar panel specifications

What is a 180 watt solar panel?

This 180 Watt Solar Panel includes Monocrystalline solar cells(A-class). The solar panel is very powerful and is very suitable for charging batteries and solar generators on the boat,gazebos or camping. It is weatherproof and waterproof and can therefore be permanently mounted. The 180 W solar panel has a universal MC4 output.

Is the 180 watt solar panel waterproof?

It is weatherproof and waterproof and can therefore be permanently mounted. The 180 W solar panel has a universal MC4 output. Via this output,the solar panel can daily generate an average of 850 Wh of energy. You can store this energy in a solar generator or 12V lead-acid batteries (in combination with a charge controller).

What is a slp180s-12u solar panel?

Contact us for price and availability - 888-680-2427 or sales@mrsolar.com The Solarland®; SLP180S-12U is a reliable and efficient 180-Watt solar panel designed to meet your energy needs. With its maximum power output of 180 watts under standard test conditions (STC),this panel ensures consistent power generation.

What is the maximum power output of the slp180s-12u?

With its maximum power output of 180 watts under standard test conditions (STC),this panel ensures consistent power generation. Operating at a voltage suitable for a 12-volt system,the SLP180S-12U is well-suited for various applications.
