
Arc flash switchgear for sale in Vancouver

Who manufactures arc-resistant switchgear?

Eaton was the first major North American manufacturer to design, test, and manufacture arc-resistant switchgear in accordance with EEMAC G14.1. We now offer Type 2 and 2B arc-resistant switchgear assemblies, designed and tested in accordance with the IEEE C37.20.7, with Type VCP-W drawout vacuum circuit breakers.

What arc flash protection solutions do you offer?

Prevent accidents and protect your site with our arc flash protection solutions for both safety and productivity. We offer a variety of arc flash mitigation solutions, such as switchgear, software, and circuit breakers, for both passive and active arc flash protection.

What is arc-resistant switchgear?

Because arc-resistant switchgear is specifically designed to contain and limit the damage incurred from internal arc faults, it provides the highest degree of protection to personnel, long-term savings, and a significant reduction in downtime.

What are arc flash mitigation solutions?

We offer a variety of arc flash mitigation solutions, such as switchgear, software, and circuit breakers, for both passive and active arc flash protection. Our systems comply with the National Fire Protection Association (NFPA) 70E: standard for electrical safety in the workplace. How to avoid arc flash?
