What is a collapsible shipping container?

Shippers are demanding improved efficiencies and sustainability throughout their supply chains. COLLAPSECON is the collapsible shipping container pioneering the future of global trade. It's practical and rigid design saves on space, cost and handling, and helps to significantly reduce industry emissions.

How many containers can a collapsecon hold?

COLLAPSECON's innovative and fully automated design allows up to 4 containers to be collapsed and combined, giving them a fully laden weight and enabling them to be transported anywhere on a ship. 1/6 COLLAPSECON collapses horizontally, ensuring the container maintains its structural rigidity in any form.

Who are Tiger containers?

Tiger has been Australia's leading container company for over 30 years. We sell, hire, and modify containers, both new and 2nd hand, in 40ft, 20ft, and 10ft sizes. With delivery available to both companies and individuals alike, right across Australia.

Is a 10 ft container a good size?

The 10ft container is also used worldwide but is not as common as the other two sizes, as it has to be 'cut down' from a larger box. When it comes to choosing the right box, it is vital you make an informed decision prior to purchasing (or hiring).
