
Battery cabinet automatic battery charging

What is a lithium ion battery charging and storage cabinet?

The new Justrite lithium ion battery charging and storage cabinet provides the ideal storage solution. Featuring ChargeGuard(TM) technology, this new cabinet was designed especially for minimizing the risks of battery fires and thermal runaway that arise when storing and charging lithium ion batteries in the workplace.

What is a lithium-ion battery charging Safety Cabinet?

Justrite's Lithium-Ion battery Charging Safety Cabinet is engineered to charge and store lithium batteries safely. Made with a proprietary 9-layer ChargeGuard(TM) system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. [Shop Now](#)

What are Justrite Li-ion battery charging and temporary storage cabinets?

The new Justrite li-ion battery charging and temporary storage cabinets were designed to reduce the risks of battery fires and thermal runaway.

How does a lithium ion battery storage cabinet work?

Labtron's Lithium Ion Battery Storage Cabinet features a hybrid-close door, providing a manual closing option that allows the door to stay in place at any angle. In the event of a fire, the door automatically self-closes when the temperature exceeds 122°F (50°C), offering increased fire protection.
