# Cairo solar container communication station battery solar container energy storage system project bidding

What's going on with Egypt's solar project?

Work is underway on a 1.1 GW solar project with 100 MW/200 MWh of accompanying battery energy storage in Egypt. The first phase of the project is scheduled for commercial operation during the first half of next year.

When will Egypt's first hybrid solar project start?

The first phase of the project is scheduled for commercial operation during the first half of next year. Norwegian renewables developer Scatec has broken ground on its 1.1 GW solar and 100 MW/200 MWh battery energy storage project in Egypt. The project, billed as Egypt's first hybrid solar and battery project, will be built in two phases.

How many MW solar & battery storage will be built in 2026?

The project will be constructed in two phases. The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach commercial operational date (COD) in the first half of 2026 and the second phase of 564 MW solar in the second half of 2026.

Scatec starts constructing large-scale solar, battery storage project in Egypt Work is underway on a 1.1 GW solar project with 100 MW/200 MWh of accompanying battery energy ...

The first phase of the project is scheduled for commercial operation during the first half of next year and the site is backed by a 25-year power purchase agreement (PPA) from ...

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy will be sold under a USD ...

Oslo/Cairo, 08 December: Scatec ASA, a leading renewable energy solutions provider, has signed shareholder agreements with Norfund, the Norwegian investment fund for developing ...

Earlier in December, Scatec signed shareholder agreements with Norfund and renewable energy developer EDF Power Solutions to partner on the Obelisk hybrid project in ...

Scatec ASA has officially commenced construction on its landmark 1.1 GW Obelisk solar power project in Egypt, which includes an integrated 100 MW/200 MWh battery energy ...

Scatec launches \$590M 1.1GW solar and battery storage project in Egypt, marking a significant milestone in renewable energy development and grid infrastructure expansion.

The largest energy storage project in Cairo CAIRO - 3 December 2023: Norway's Scatec and the Egyptian Electricity Holding Company (EEHC) have signed a cooperation agreement for the ...

Scatec's CEO stated: "This project is a significant step in advancing renewable energy infrastructure in Egypt, combining solar and battery storage to enhance energy ...
