## Fire alarm battery cabinet price

What is a fire alarm cabinet?

The cabinet allows you to see the status of the fire alarm system without having to unlock or open the cabinet door. Depending on the type of cabinet, you might have to unlock or open the cabinet door to access the FACP control functions. The cabinet is metal or another durable material and is often red in color, although it can be any color.

Where can I buy a fire alarm battery?

Fire Detection Shop stocks a wide range of fire alarm batteries from brands FireSmart, Yucel and Yuasa. You can purchase them as single or economical twin pack items. Please complete the above form and one of our friendly team of advisors will be in touch to help answer your questions.
