Why is Mozambique acquiring 25-30 MW of solar PV?

The procurement of 25-30 MW of solar PV is the first stage of implementation of the program which will contribute to the diversification of Mozambique's power mix and improve power supply quality, whilst ensuring low-cost energy for Mozambican end users

What is a get fit Mozambique tender?

The tender is promoted by the Ministry of Mineral Resources and Energy (MIREME), with funding from the Government of Germany, through the KfW Development Bank, under the GET FiT Mozambique program, and is implemented by the Energy Regulatory Authority (ARENE).

What is get fit Mozambique?

GET FiT Mozambique aims to facilitate investments in relatively small-scale (4-15 MW), grid connected renewable energy Independent Power Producer (IPP) Projects, with EDM as the key off-taker and counterpart of the Power Purchase Agreements (PPA).

Who owns land in Mozambique?

According to the Constitution of the Republic of Mozambique and as reflected in the Land Law (Law no. 19/97 of 1 October), land is owned by the State, but the rights to use and occupy land can be granted to users in form of a DUAT.

The GET FiT Mozambique Program aims to support decentralized utility solar PV and BESS projects, leveraging the expertise of IPPs to achieve these goals. The program is ...

The US\$36 million Cuamba Solar plant is also Globeleq's first greenfield project in Mozambique and the Group's first combined solar and storage plant in its operating portfolio. It ...

Mozambique Launches New Solar PV and Battery Storage Mozambique's Ministry of Mineral Resources and Energy (MIREME) has announced the launch of a new tender for ...

As of March 2025, Mozambique's electricity access rate remains at 44% despite having 187 GW of untapped renewable energy potential [1]. This staggering gap between resource availability ...

The Ministry of Mineral Resources and Energy (MIREME) of Mozambique has announced the launch of a new tender for decentralized solar photovoltaic (PV) and battery ...

Mozambique, on Africa's southeastern coast, is celebrated for its cultural heritage and natural beauty. The Indian Ocean coastline offers pristine beaches, savannas, and ...

Discover how Mozambique's Balama Graphite Mine is pioneering sustainability with a hybrid energy system blending solar, battery storage, and diesel, cutting emissions by 35%.

Mozambique is rich in natural resources, is biologically and culturally diverse, and has a tropical climate. Its extensive coastline, fronting the Mozambique Channel, which ...

Mozambique is a developing country in southern Africa that has been steadily rebuilding its economy and civic institutions since ending a 16-year civil war in 1992.

Learn more about Mozambique by obtaining general information about the country, the languages spoken,

the population, its geographic division, existing provinces and districts, the political ...

The solar-plus-storage project proposal comes a year after construction started on Mozambique's first.
Image: Diego Delso, CC BY-SA 4.0. Power project developer Ncondezi Energy has ...

Battery energy storage in mozambique Will Cuamba solar deliver clean power to the Mozambican grid?
Mike Scholey, Globeleq's CEO remarked: "We are extremely excited to now have ...
