# Price of 20-foot photovoltaic shipping containers used at Russian airports

How much does it cost to ship a container overseas?

The total cost to ship a container overseas depends on several factors: For smaller shipments, partial container shipping (LCL) is a cheaper alternative. Here's a breakdown of the average overseas shipping costs for both 20ft and 40ft containers by region: Shipping a 20 ft container can range from \$2,800 to \$15,600 depending on destination.

How much does shipping a 20ft container cost?

Shipping a 20ft container ranges from \$2,800 to \$15,600, and a 40ft container from \$1,865 to \$23,415, depending on the route. Partial container shipping (LCL) is a cost-effective option for smaller moves, averaging around \$1,600. Main cost factors include distance, volume, delivery method, and optional services like insurance, customs, or packing.

How much does a 20ft dry container cost?

A cargo worthy 20ft dry container can cost anywhere from \$1,300 to \$2,600. Wind & Watertight Containers will not have any holes or defects that would allow wind or water to enter the unit, although they may not be seaworthy until further maintenance or inspections have taken place.

How much does a cargo worthy container cost?

Cargo Worthy Containers are seaworthy shipping containers, meaning they are still strong and weather resistant enough to carry cargo on a container ship, but they may have wear and tear including dents, dings, or rust. A cargo worthy 20ft dry container can cost anywhere from \$1,300 to \$2,600.
