Who is AGC Glass Europe?

AGC Glass Europe is heir to the long tradition of glassmaking in Belgium, in which it has always pioneered the way: from being the first in the world to mechanise the glassmaking process to installation of the first float glass plant on the continent of Europe, followed by expansion to central Europe and Russia.

Who makes flat solar mirrors?

AGC is the leading manufacturer of flat solar mirrors, with years of proven expertise. As a fully integrated company, AGC offers a full range of products dedicated to CSP applications: from sand and low-iron float glass substrates made by our highly specialised float glass plants to high-end solar mirrors. Maximum energy efficiency

What is AGC solar glass?

The AGC solar glass range covers two main applications: Building Integrated Photovoltaics (BIPV) (electricity generation) and Concentrating Solar Power (industrial electricity generation). BIPV glazing has a dual role: it is part of the outer structure of the building, while at the same time generating electricity using photovoltaic energy.
