
Solar panel installation in New York USA

How much do solar panels cost in NYC?

The cost of solar panels in NYC will come down to the system size, panel type, and installation complexities. Residential systems can vary in price from \$20,000 upwards before any incentives or rebates. To get the exact price, you can receive a quote from us and find out about the solar incentives available in NYC.

Do solar panels work in New York?

Solar panels still work great in cold temperatures and can withstand the harsh winters New Yorkers get upstate. With 4 to 4.5 peak sun hours each day, New York gets plenty of sun for your solar system to produce energy, but depending on where you are, you may need a few more panels than other places to meet all of your energy needs.
