
UK Solar Water Pump

Who are the best solar water pumps in the UK?

Best Buy awards, PowerBee continues to lead the industry in sustainable water pumping solutions. Our commitment to quality and customer satisfaction makes us the UK's trusted choice for solar water pumps. Professional Solar Water Pumps with MPPT technology for efficient Water Management. Perfect for Water Transfer & Circulation.

What is a solar water pump?

Our solar water pumps deliver professional-grade performance with flow rates adjustable up to 2000L/Hour and head heights from 1.8m to 3m. Powered by 100% solar energy with battery backup, these pumps excel in garden irrigation, water transfer between containers, small agricultural projects, and remote locations where mains power isn't available.

What is the cost of a solar water pump?

Solar water pumps can cost as little as less than \$1,500 for the most inexpensive models, while large systems can cost over \$20,000. The cost can be reduced through Renewable Energy Certificates (RECs). Most solar water pumps rarely exceed 2 horsepower in size.
