
Waterproof outdoor power led 24 volt

Are led power supplies waterproof?

We have many different power output levels of IP67 waterproof rated AC to DC LED power supplies for your outdoor LED lighting projects. All of the waterproof style power supplies are also dust proof and don't require a cooling fan, meaning they can also be used in indoor applications where dust or fan noise may be a problem.

Are outdoor LED lights waterproof?

Outdoor LED lights are waterproof, but they still contain glass bulbs. While they can withstand rain and other water exposure, glass bulbs break easily and pose a risk to small kids and pets. Therefore, it's recommended to avoid placing outdoor LED lights near open air fountains unless you have expert help from professionals.

Are led power supplies bare wire?

All power connections are made using bare wire connections. These power supplies are not meant to be exposed directly to outdoor elements. IP67 rated 12V and 24V DC LED Power Supplies to convert your high voltage AC power to low voltage DC power for outdoor LED lighting projects.
